INDIA PRIVATE LIMITED

TECHNOLOGY YOU CAN TRUST

# WATER SYSTEMS

Water System comprises of Purified water and Water for Injection

- Generation
- Storage
- Distribution
- Automation
- Turn Key execution
- Validation

Purified water Generation System

Pure Steam Generator

Multiple Effect Distilled Water Still

Pure Steam Testing Kit

Storage Tank

# STERILIZER

High pressure steam & Dry heat sterilization of

- Rubber Stoppers
- Garments
- Machine Parts
- Rubber Parts
- Media
- Terminal Sterilization
- Ampoule Leak Testing
- Empty Vial and Ampoule Sterilization

Steam Sterilizer  
(Horizontal Sliding Door)

Steam Sterilizer  
(Hinge Door)

Steam Sterilizer  
(Vertical Sliding Door)

Vertical Sterilizer

Dry Heat Sterilizer

Rubber Stopper (Bung) Processor

# STERILIZER

High pressure steam & Dry heat sterilization of

- Rubber Stoppers
- Garments
- Machine Parts
- Rubber Parts
- Media
- Terminal Sterilization
- Ampoule Leak Testing
- Empty Vial and Ampoule Sterilization

Super-Heated Water Spray Sterilizer

Ventilator Sterilizer

Decontamination Passbox

# FILTRATION

Used for separation of undissolved Solids from Liquids like

- Pharmaceutical syrups
- Solvents / Aqua based Bulk Drugs
- General Chemicals
- Sugar Syrup of Beverages
- Agrochemicals
- Oil
- Alcoholic drinks
- Bacteriological filtration of liquid injectables

Automatic Horizontal Plate Filter

Rotary Vacuum Drum Filter

# FILTRATION

Used for separation of undissolved Solids from Liquids like

- Pharmaceutical syrups
- Solvents / Aqua based Bulk Drugs
- General Chemicals
- Sugar Syrup of Beverages
- Agrochemicals
- Oil
- Alcoholic drinks
- Bacteriological filtration of liquid injectables

Plate and Frame Filter Press with Hydraulic Power Pack

Horizontal Plate Filter Press (Standard Flow)

Horizontal Plate Filter Press (Reverse Flow)

Bag Filter

Filter Press with Cartridge Assembly

# PROCESS EQUIPMENTS

State-of-the-art Automated & Semi-Automated Process Systems for

- Liquid Orals
- Aseptic Liquids
- Ointments-Sterile and Non Sterile
- Biotechnology
- Soft Gelatin
- CIP/SIP systems
- Process Piping and Automation
- Basic Chemicals / Intermediates / Bulk Drugs

Sterile Mixing Vessel

Three Tank Liquid Oral Manufacturing Plant

Ointment Manufacturing System

Viscomil

Mobile Automatic CIP System

Mobile Automatic SIP System

# PACKAGING SYSTEMS

Fully Automatic and Semi Automatic packaging lines for

- Liquid Orals
- Liquid Injectables
- Sterile Dry Powders
- Personal Care / Home Care Products
- Agrochemicals
- Distilleries
- Foods
- Oils - Edible / Mineral

Rotary Washing & Monoblock Filling-Capping Machine

Linear Bottle Washing Machine

Linear Liquid Packaging Line

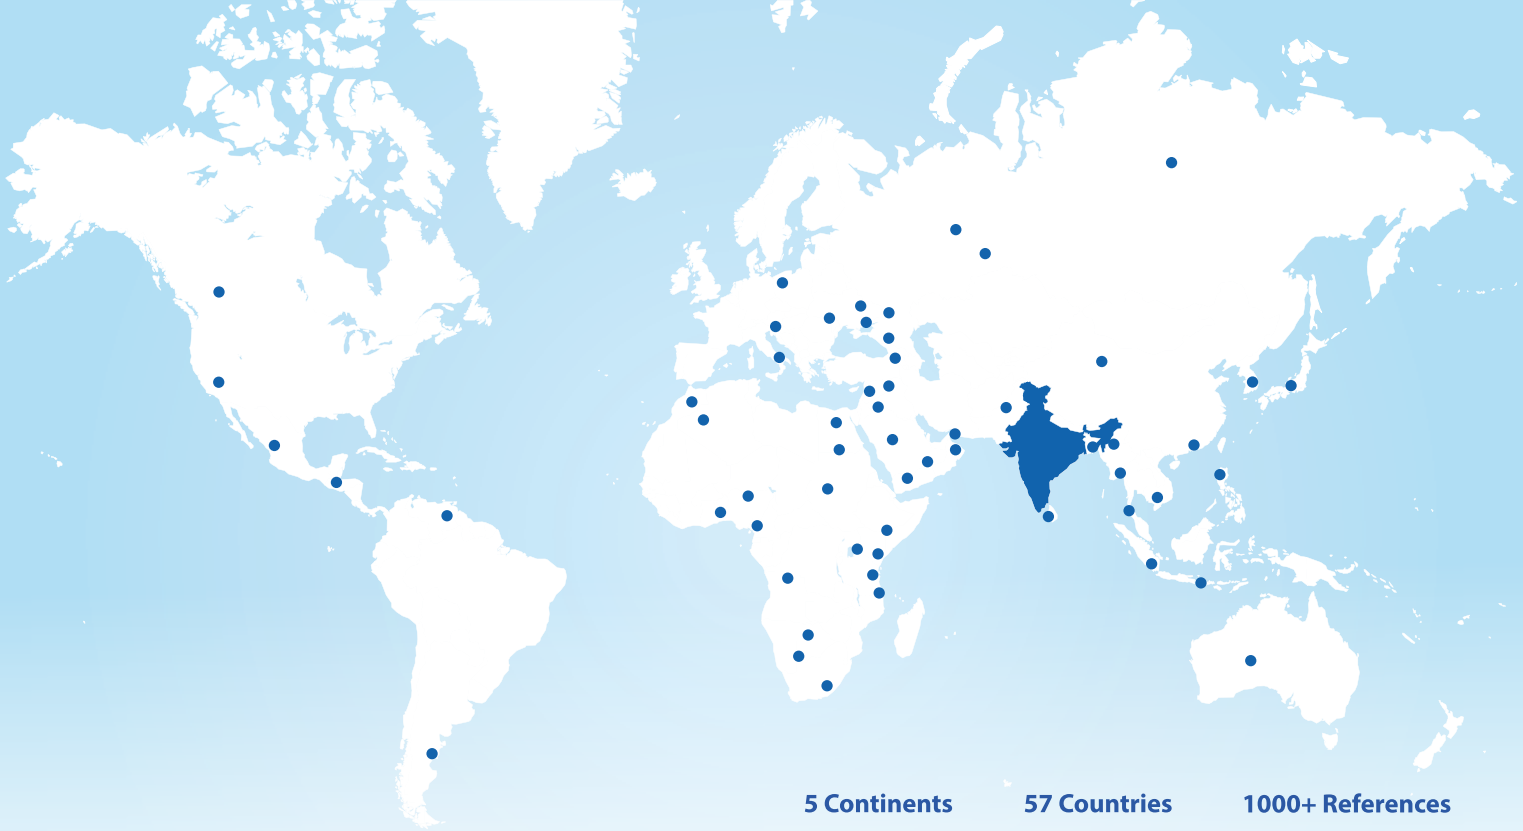

Double Head Tube Filling Machine

Airjet Bottle Cleaning Machine

Labeling Machine

5 Continents

57 Countries
